A Happy and Prosperous
New Year

Royal Purple Officers Installed

On the evening of Jan. 8th 1929, Champion Lodge No. 33 of the Order of the Royal Purple met in Campbell's hall to install their officers for the year. Provincial Deputy Supreme Lady Lane of Calgary acted as installing officer and was assisted by Past Honored Royal Lady Freeze. Following is the slate of officers for 1929:

Past Honored Royal Lady, Mrs. E. Freeze.
Honored Royal Lady, Mrs. T. Sletto.
Associate Royal Lady, Mrs. W. S. Ryan.
Loyal Lady, Mrs. E. Laiff.
Lecturing Lady, Mrs. F. Clever.
Secretary, Mrs. W. McRae.
Treasurer, Mrs. G. M. Campbell.
Chaplain, Mrs. D. Watkins.
Conductress, Mrs. E. Siler.
Inner Guard, Mrs. I. Fisher.
Outer Guard, Mrs. G. Sletto.
Three year Trustee, Mrs. H. Hammel.
Two year Trustee, Mrs. F. Gottenburg.
One year Trustee, Mrs. F. Bozarth.

After business was finished the ladies accompanied by representatives of the Elk Lodge went to the hotel where seated at a long table tastefully decorated with mauve and yellow chrysanthemums and mauve and yellow candles they were served with a very delicious turkey dinner by the proprietor of the Savoy dining room, Mr. Varjapedian.

At the close of the meal Ladies Freeze and Lane addressed the gathering and toasts were proposed to the "King," "Our Noble Order," and "The Elks." Also Lady Lane, Lady Freeze and Lady McRae were presented with gifts in token of recognition and appreciation of their services and the evening closed with the singing of our National Anthem.

Champion Wins Deciding Game

The Carmanagay and Champion hockey teams met in a very interesting hockey feature on the Champion ice Tuesday, January 8th.

These teams are very evenly matched, two tie games being played previous, with scores of 4-4 and 1-1 respectively.

The final struggle resulted in a score of 5-6 in favor of the home team. The play throughout was fast and clean and the stellar goal-tending by Taylor in the Champion nets and McRay for Carmanagay is worthy of note.

This team promises some snappy hockey in the future.

Breaking all records since the office was opened, 3,300 home-steads and 134 soldier grants were filed on in the Dominion Lands Office at Edmonton in 1928 according to figures issued by A. Norquay, Dominion Lands Agent. The corresponding figures for 1927 are 1,354 home-steads and 89 soldier grants. During the month of December 1928, 400 quarter sections were filed on as compared with 107 for the same month in 1927. Similar increases have been shown in the filings at all other land offices in the province, particularly marked gains having occurred in the entries made at the Grand Prairie and Peace River offices.

The executive committee of the W. I. is requested to meet at the home of Mrs. D. Watkins on Tuesday, January 15th.

Mrs. E. Siler was a visitor in Lethbridge this week.

THURSDAY, Jan., 10, 1929

NOTES AND COMMENT.

Nineteen hundred and twenty-eight has given way to 1929. The past year has been one of considerable progress in this district. More building has been done on the farms than for many years and in the town striking progress has been particularly in elevator accommodation. That progress will be continued during the coming year is fairly well assured.

Distress among the miners in Great Britain has reached a very acute stage, an unemployment in other lines in general. Emigration is considered one of the best methods of meeting the situation, as there appears to be no hope of any improvement in the near future.

The new year does not seem to have made any difference in the character of the winter weather coming our way. If this sort of things keeps up this part of Alberta will soon be recognized as a winter resort.

A writer in the Canadian Magazine, after a study of the departmental store system in the Dominion reaches the conclusion that while changes in their method of doing business will be forced upon the smaller businesses they will still have a big place in the distribution of goods.

If business men were required to acknowledge the Christmas cards they receive the mail would continue very heavy for some time after Christmas and the average man would require a private secretary. If all the good will existed that Christmas cards in this country would be almost too good to live in.

An unusually mild winter seems to carry its penalties, as in almost every instance where the weather is practically unseasonable in this way sickness prevails to an unusual extent. While flu is the prominent offender this year, colds and kindred ailments are also taking toll. Fortunately no fatal results have occurred and it may be safely inferred that a change to colder weather will see most of the sickness gone.

Prices in almost every commodity have been declining of late, the only trouble being, as far as the farmer is concerned, that farm products started the decline and are considerably in the lead in keeping it going.

Agricultural products easily headed the list of Canadian exports during 1928, totalling \$655,005,081. Considering the relatively lower prices realized this would indicate a very large increase in volume.

Wheat reached the lowest mark of the season during the week. There is reason to hope,

however, the limit in this direction has been reached and that the future will show a general improvement in grain prices.

Farmers throughout the province are being advised by the Provincial Department of Agriculture to make the necessary provision for securing the supply of oats for seed which they will require for their 1929 crop.

The effects of frost in a number of districts are reflected in a reduction in the germinating quality of a great many of the oats threshed and in a number of cases, supplies of oats suitable for seed will have to be shipped in. Elevator companies have expressed their willingness to assist in the distribution of good seed and farmers are advised to communicate with their local elevator agents as early as possible in order to obviate the possibility of a scarcity occurring during the seeding season.

Two hundred bushels of the new "Reward" wheat are being distributed among one hundred Settlement Board settlers in the southern half of the province, it is announced by W. S. Woods, District Superintendent of the Land Settlement Board, Calgary. Each settler is limited to two bushels of this wheat for which a charge of \$3.00 per bushel will be made. Very satisfactory results have been secured, states Mr. Woods, from the quantity of Garnet wheat which was distributed similarly three years ago.

Beginning the New Year 1929

We wish to express appreciation to those who have taken care of subscription obligations.

There are still a very large number in arrears, many of whom simply forget to call at the office.

The amount involved totals hundreds of dollars, and payment would permit increased service to the public.

A newspaper sells practically labor and failure to receive payments promptly creates a serious problem---real serious, too.

To Advertisers and Contributors

Please get your copy into the office as long before the day of publication as possible. When nearly everything is left until the last day the result is frequently unsatisfactory to all concerned. Rules do not work entirely satisfactorily, but rules will have to be made and adhered to unless those concerned will make an effort to avoid late copy.

Thanking you in anticipation,

The Chronicle

WORLD HAPPENINGS BRIEFLY TOLD

The preparatory commission for a disarmament conference has been convened to meet at Geneva on April 15.

Dr. J. D. MacLean, former premier of British Columbia, has taken an important post in the federal department of finances at Ottawa.

At a meeting of the selection committee in Winnipeg, Lawrence C. Bonnycaise was selected as Manitoba Rhodes scholar for 1929.

English "with no American tinge" will be the world dominating language, Professor R. Dybowski, of Poland stated at the Modern Language Association meet, in Toronto.

Kudyard Kipling celebrated his 63rd birthday on his estate "Batesman" and the following day joined in celebration of his wife's 63rd birthday. Both days were spent quietly.

President Emilio Portes Gil believes that prohibition would benefit Mexico but he will attempt to wean the people from alcoholic beverages by distraction and education rather than by a sudden ban.

A new record for grain exports was established by the port of Montreal during the 1928 navigation season, when 292,573,131 bushels were exported, an increase of 17,038,844 bushels over 1927.

The well-known London chemist Hilgert, recently announced the discovery of a new gas, so deadly that it would make war "international suicide." Jones said the gas causes death instantly with the slightest inhalation.

Two new passenger steamers for the Canadian Pacific Steamship line were announced recently and Victoria have been ordered in London. The new boats are to be delivered in 1929, and will each have sleeping accommodation for 433 passengers.

The annual Lewis gun competition of the Dominion "Connoisseurs" Association has been awarded to the gun team representing "B" Company, Governor-General's Foot Guards, of Ottawa, and was announced at Ottawa. The competition was participated in by entries from units throughout the Dominion.

Concludes Greatest Year

Production of B.C. Industries Breaks Quarter Eclipsed Mark

The year 1928 was by far the greatest in the history of British Columbia. The production of the province's four great industries, lumbering, agriculture, mining and fishing for the first time broke the quarter billion mark.

A conservative estimate, based on preliminary returns so far available to the government, would place the output at \$251,250,276, an increase of \$9,977,333 over the total for 1927, but final returns, especially from the lumber industry, may easily boost this a million or more.

More Effective Danger Signs

A. Houston, Texas, sign says our danger signs are based on the wrong psychology.

Tell a man to "Stop, Look, Listen" and he is impelled to do none of the three.

H suggests the following railroad crossings:

"Come ahead. You're Unimportant."

"Try our engines. They satisfy."

"Don't stop. Nobody will miss you."

"Take a chance. You can get it by a train only once."

Copper in Northern Canada

The deposits of copper ore in the Arctic region of Northern Canada, although at present inaccessible, possibly constitute one of the great copper ore reserves of the future.

Grindstones and Pulping

There are in the Maritime Provinces about seventy quarries from which grindstones and pulpstones have been furnished.

Neither "Help! I am drowning!" Angrier "I can't swim, but I will try to pull you out. Just take a bite at my line."—Der Gustliche Schach, Leipzig.

W. M. U. 1767

A Famous Navigator

Plans Being Made At Coast For A Monument To Capt. Vancouver

Plans are being held to raise money in Vancouver for the erection of a statue in honor of the famous captain who gave his name to what is now the largest sea port on the American Pacific coast.

Says the Vancouver Province, "We cannot emulate the imposing scheme of the Statue of Liberty. We cannot hope to spend a million dollars on our Captain Vancouver who spent on their 315-foot high lady of the torch."

Dr. Captain Vancouver should stand a memorial and a symbol, guarding our local habitation and our name, rising out of our sea, be a witness for us that we are, or them that laid our foundations. It should stand somewhere at the entrance of the harbor, in a high place looking down upon the ships as they pass, a landmark for the mariner by day, and a beacon light by night, visible far out in the Gulf."

Mexican Revolution Wear Masks

It is as commonplace in a Mexican newspaper office for a reporter when he sits down to his desk, to take off his pistol and cartridge belt as it is in the United States for a news hound to remove his coat when he starts to write.

Almost every reporter here carries a pistol, as do most men who work here. It requires them to be abroad at night, as well as a great many who have not that excuse for their armament.

Winnipeg Newspaper Union

Jack

One of every 2,000 children in England is effected by work blindness or the inability to read and spell.

More than 1,000,000 pounds of cotton yarn were produced in Japan in a recent month.

Trim Graceful Lines

A sheer rayon printed velvet in harvest brown tints, practical for all-round wear, achieves new femininity through demure bow of soft full silk crepe slipped through bound openings at end of diagonal neckline and tied in knot. The circular skirt carries out one-sided treatment in pointed outline, attached to hip, to give trim graceful line. The sleeve is dart-fitted. It's easily made and at an attractive cost, for the 36-inch size takes but 3 yards of 44-inch material with 1 yard of 27-inch contrasting. Style No. 1011. It fits in sizes 16, 18, 20, 22, 24, 26, 28, 30 and 42 inches waist. Plain transparent velvet in golden brown is cap-sleeved for afternoon. Crisp red georgette crepe is charming for afternoon and informal evening. Black rayon tulle is dignified for dining out. For all-round wear, select black lustre crepe satin or navy blue wool crepe. Pattern price 25 cents in stamps or coin (coin is preferred). Wrap coin carefully.

Briquetting Plant

New Fuel To Shortly Appear On the Saskatchewan Market

After more than nine years, during which more than a million dollars was spent in plant, equipment and experimentation, a new fuel is shortly to appear on Saskatchewan markets.

It was March 20, 1918, that the briquetting plant was put into operation. The briquetting plant was set up by the Lignite Utilization Board of Canada. That body worked for years in an effort to produce a briquette from the vast store of lignite in southern Saskatchewan, concentrating on a vast plant at Sheraton.

The original vote was for \$100,000, the federal government supplying half and the Saskatchewan and Manitoba governments supplying one-quarter each. After that fund was exhausted Manitoba, dropped out and Saskatchewan and the federal government carried on. The grand total by governments, many thousands of which went into the briquetting plant, had to be discarded, was \$1,038,300.

When it appeared that the whole scheme was to prove a failure and governments hesitated over putting up more money, British capital became interested and the managers agreed to spend another large sum in experimental work at the plant, and, if successful, to take over the plant for one dollar.

Mr. Burry, generally considered the ranking industrial chemist in the British Empire, was placed in charge and, according to latest advice, has produced a type of briquette that is considered successful in every way.

One of every 2,000 children in England is effected by work blindness or the inability to read and spell.

More than 1,000,000 pounds of cotton yarn were produced in Japan in a recent month.

FAMOUS CATTLE BREEDER

J. A. McGregor, owner of the Glenora Stock Farm, Brandon, who recently sold a valuable herd of Aberdeen Angus cattle to Australia. These cattle were shipped over the Canadian Pacific Railway Lines.

The peasants are quoted as begging the Polish guards to permit them to obtain food in Poland in view of the scarcity in Russia, adding that they have great trouble in obtaining permission to cross the frontier inasmuch as the soviet authorities feel that the peasants discredit the government by seeking food in a neighboring country.

More than 2,000,000 ft trees are used every Christmas in the British Isles.

That Canada is one of the world's leading producers of high class cattle is well illustrated by the recent shipment of pure bred Aberdeen Angus cattle from the Glenora stock farm, owned by J. D. McGregor, of Brandon, Man., to the Australian Government. The shipment comprising 28 head, was selected by Mr. McGregor and officials of the Australian Government. The picture shows some of these animals. Upper right, Glenora Revolution, senior herd sire; upper centre, four of the prize animals. Upper left, Black Cap Biste, one of the show cows; the lower picture shows a few of the prize animals.

After a trip from Brandon over the Canadian Pacific Railway lines, there was shipped on December 22nd, aboard the oil burning steamer "Hurak," sailing from Vancouver to Sydney, Australia, 28 head of pure bred Aberdeen Angus cattle from the herd of James D. McGregor, Brandon, Manitoba.

This is an epoch making shipment because it is only the first shipment of Aberdeen Angus cattle from Canada to our great Dominion below the equator, to Australia.

The consignment comprises two lots of one 18 females and two bulls for the government of New South Wales, and another of 6 females and 2 bulls for G. W. Mackay, Hambly, Adomahly, New South Wales, Australia.

After the idea of importing into Australia a herd of Canadian Aberdeen Angus cattle originated with J. B. Cranley, who is chairman of the Australian Metropolitan Meat Industry Board, Mr. Cranley has supervision of abattoirs, stock yards and slaughter houses for the Australian government and some time ago he made a trip around the world for the purpose of gathering as much information as possible as to what would be of assistance to him in his efforts to provide better facilities for the handling of Australian meat products. During that trip he made a visit to Glenora Stock Farm, and became so deeply interested in the Dobbies, that he decided to endeavor to interest private

Individuals in his own country to make some purchases here. Finally, however, he succeeded in interesting the government of New South Wales, and later 18 females and 2 bulls were purchased, the entire transaction being arranged by cable. When the deal was finally completed, the government of New South Wales sent C. G. F. Grant, head herdsman, to Brandon, to inspect the consignment and arrange for its shipment to Australia.

Colin Campbell is in charge of the shipment on its long voyage to Brandon to Sydney. Mr. Campbell has been in very responsible positions with leading herds for years, and he has had extensive experience in handling over-seas shipments having made two trips to the Orient, and one to South America.

The services of Mr. Campbell were secured by Mr. McGregor to ensure the landing of the cattle in good condition so that they may be put to the test at the Sydney Royal Show, which opens April 29, 1929, following which they will be shown at Melbourne and Brisbane. To fortify Mr. Campbell and his charges against a longer trip than is anticipated, 18,000 lbs. of rolled oats, 10 tons of bran, and 12 tons of hay were loaded with the cattle.

While upon examination one is impressed with the individual excellence of the animals shipped, students of Aberdeen-Angus breeding will be struck with the excellence of the breeding of every animal in

Agronomist Elected President

M. J. Thilne, efface Western Canadian Society For 1929

M. J. Thilne, superintendent of the Dominion Experimental Farm at Brandon, was elected president of the Western Canadian Society of Agronomy for the season 1929. The society met in the University at Saskatoon, Dr. J. B. Harrington, of the University of Saskatchewan, was elected vice-president.

Other officers are: Secretary—treasurer, Dr. O. S. Aamodt, department of field husbandry in the University of Alberta; executive, B. M. Simonds, of the Dominion plant pathology laboratory, Saskatoon, and Dr. R. Newton, of the field husbandry department, University of Alberta. Honorary presidents are the heads of the three universities, Dr. W. C. Murray, University of Saskatchewan; Dr. J. A. McLean, University of Manitoba; and Dr. H. C. Wallace, University of Alberta.

Improvement Shown In Employment Situation

December Figures Better Than Any Previous Year On Record

The seasonal contraction in employment recorded at the beginning of December was on a smaller scale than on the same date in most of the last nine years, and the situation continued better than in December 1 in any previous year on the record.

Statements were tabulated by the Dominion bureau of statistics from 6,600 firms employing 81,723 persons, compared with 1,099,239 in the previous year. The index stood at 1157, compared with 1191 on November 1, and 1068 on December 1, 1927.

Unsettled (surveying room): "This is—er—hardly what I was led to expect from your advertisement."

Landlady: "Well, you ain't the gentleman I thought you was from your letter."

What God Is, and What We Should Be, 12, 6.—The message which John God received from Christ, "I see versus the truth and is not in us. If we confess our sins, he is faithful and righteous to forgive us our sins, and to cleanse us from all unrighteousness."

Lesson: Genesis 3:1-24; 6:5-8; Mark 7:14-23; Romans 1:18-32; 3:10-15; John 1:5 to 7:6.

Devotional Reading: Psalm 61-10.

Landing Device For Planes

Matter is Occupying the Attention Of the Government

The construction of an efficient landing device for planes, combining speed and safety, is occupying the attention of government aeronautical engineers. Several forms are now being tested at Ottawa, but it is admitted that the problem is still unsolved.

The difficulty is one that is peculiar to Canada, air officials say today. Airplanes frequently take off at one point, using wheels and on arrival at the end of a few hundred miles find it extremely difficult to land without skids. Air mail flights between Toronto, Montreal and the Maritimes are particularly affected.

OPENING OF PARLIAMENT FEBRUARY 7TH

Ottawa.—Parliament will open on Thursday, February 7. Official announcement to this effect was made recently by Premier King, at the conclusion of a meeting of cabinet council.

The Prime Minister stated that no appointments to governmental vacancies were made at the sitting of the cabinet.

Hon. R. B. Bennett, Conservative leader, who is now in Europe, will return to the capital about the middle of this month. Mr. Bennett sailed for England two weeks before Christmas on a brief holiday prior to the opening of parliament.

Political prognosticators forecast that the session opening next month will be much livelier than the previous one. With occasional rumors in the air of a possible general election next fall, the likelihood is that debates in both the commons and the senate will be somewhat more spirited.

No intimation has been made in official circles, though, on the possibility of an election this year. Two general elections have been held in the Dominion during the past few years, one in 1925 and the last one in 1929; and there are many political observers who lean towards the opinion that no further appeal will be made to the people before 1930.

The budget, it is understood, will be brought down at the opening of the session. Presentation of this document, containing as it does the government's fiscal policy with any changes to be made in the tariff, is always eagerly awaited.

Indications are that the coming session of parliament will run well into June. While the legislative program of the government has not been indicated, a number of important matters are definitely scheduled to come before parliament for necessary action.

Recently, Hon. Charles Stewart, Minister of the Interior, announced that a bill for the return of natural resources to British Columbia would probably be introduced in the course of the approaching session.

Negotiations for the return of natural resources to Alberta are also well advanced, and legislation is possibly also introduced in this case during the session. Premier J. G. Gardiner, of Saskatchewan, is due to arrive in the capital early next month to discuss the question of the early return of natural resources to his province.

The whole question of the stimulation of immigration to Canada will likely receive attention.

Monoplanes Reach Hudson Bay Coast

Carried Supplies From Cochrane, Ontario, to Elm Prospectors, Winnipeg.—Two superb monoplanes of the Northern Aerial Mines Exploration Company have arrived on the east coast of Hudson Bay near Richmond Gulf, after a flight from Cochrane, Ont., where they left on Dec. 29. The planes were piloted by Captain H. A. (Doc) Oakes and Patrick Reid, who were accompanied by two mechanics. The purpose of the flight was to bring supplies to eight prospectors who have been stationed on the east coast of Hudson Bay since early summer.

New Commander For Rangers

Ottawa.—Included in the promotions announced by the department of national defence is that of Major E. Poole to the rank of lieutenant-colonel, and to command the Rocky Mountain Rangers, with headquarters at Kamloops, B.C., vice Lieut. Col. T. Aldworth, who has been transferred to the reserve of officers.

Now Air Marshal Appointed

London, Eng.—Sir John Maitland Salmon, air marshal, has been appointed chief marshal of the Royal Air Force in succession to Sir Hugh Trenchard, who resigned December 20. Sir John Frederick Higgins, air vice-marshal, will be promoted to Sir John Salmon's rank.

Students May Make Change

Toronto.—The scheme whereby University students may exchange from one Canadian university to another for one year of the course will come into effect in 1929, according to E. J. Green, president of the National Federation of Canadian Universities students which recently held its annual convention at Kingston.

To Preserve Niagara Falls

Treaty Signed Between Canada and United States

Ottawa, Ont.—The construction of remedial works in the Niagara River designed to distribute the water so as to ensure at all times unbroken crevasses on both Canadian and American Falls, is provided for in a treaty between Canada and the United States which was signed at the office of the Prime Minister here.

In addition to providing for the construction of these works, provision is also made that each country may divert an additional 10,000 cubic feet of water per second for power purposes. These diversions will be permitted only "during the winter or non-tourist season, beginning on the first day of October and ending on the first day of March of the following year."

The treaty was signed by Right Hon. W. L. Mackenzie King, acting in the capacity of plenipotentiary for His Majesty the King, and by Hon. William Phillips, United States minister to Canada, as plenipotentiary for his government.

Revising Regulations On Incoming Autos

Officials At Ottawa Welcoming Opinion On Existing Restrictions

Ottawa, Ont.—Business men of Western Canada are taking an active interest in the revision of the Customs regulations in regard to the entry of automobiles into the Dominion from the United States of America.

The Department of National Revenue has been engaged for some time in this re-drafting of these regulations with the purpose of removing objectionable restrictions on importation of such vehicles, and the interest of business men in the west that the work has been delayed temporarily until all representatives to Canada have been received.

Many board of trades have written to the department, and the officials are welcoming every expression of opinion. Every effort will be made to so re-draft the regulations that they will be acceptable.

Langner Leaves Canada

Man Who Investigated Ambrose Small Case, Has Gone To West Indies

Toronto.—Adolph Maximilian Langner, who investigated the Ambrose Small case here, some weeks ago, has gone to the West Indies and has been reported to Mexico. These sections are presumably more sympathetic to his theories and methods than Canada, whose authorities, according to his own statement, cultivated a disinclination to renew his immigration permit as a visitor in this country.

As on his previous departure from Toronto, he promises to return, make systematic disclosures regarding the Small case, and "solve the mystery in spite of all they can do."

Influence was brought to bear by enemies and opponents in the Small case, he said, before his departure, with the object of preventing him continuing his investigation of the mystery.

Early Seeding

Marquis Wheat Sown At Indian Head On January 2nd.

Indian Head, Sask.—Satchewan in past years has been noted for the creation of records, more and on the second day of 1929, another was added, that will stand for some time.

This was the seeding of spring wheat, five acres of Marquis being planted on an experimental plot at the experimental station farm. At 1 o'clock, the superintendent ordered his men and teams out, and according to the information given Wednesday afternoon, the five acres were seeded before dinner.

The lent, snow-covered, was in excellent shape, and the wheat was buried to quite a depth.

New Hotel Is Assured
Saskatoon, Sask.—Definite assurance of construction of a new C.N.R. hotel, consisting in size and character with the needs of the city of Saskatoon, was contained in a telegram received by Mayor G. W. Norman, of Saskatoon, from Sir Henry Thornton, president of the Canadian National Railways.

British Members Nominated
London, Eng.—The British government has nominated Sir Josiah Stamp and Lord Revelstoke as the British members of the projected committee of experts on reparations. The names of the two deputy members will be announced later.

Was Pioneer Rail Road Builder

Pat Welch, Well Known In West, Dies In California

Spokane, Wash.—Pat Welch, 70, member of the firm of Stewart and Welch, railroad builders, died recently at Coronado, California, a telegram to relatives here said. Mr. Welch, who had gone to California for his health last summer, had been ill for nearly four years.

Associated with Major General John Stewart, of Vancouver, B.C., and with the firm of Stewart and Welch, he was one of the pioneers in the construction of many railroads in the northwest with General Stewart, held many contracts in the United States, Canada, Great Britain and Africa.

The Flu Scourge

Epidemic Most Severe In Nova Scotia and Ontario

Ottawa, Ont.—Ontario and Nova Scotia are the two provinces of the Dominion where the ravages of the flu are most severe at present, declared Dr. A. Amyot, deputy minister of health, but the visitation of the scourge this winter is by no means as serious as those of 1918, 1919, and 1926.

The complications which accompanied the malady in those years have not been present to such an extent in the present epidemic.

ECONOMIC LIFE OF GERMANY IS REPORTED SOUND

'Berlin.—Confidence in Germany's economic soundness is the dominant note in Agent-General Seymour Parker Gilbert's report for the fourth reparations annuity year made public Tuesday.

The report paints a complimentary picture of Germany's entire economic life. The agent-general testifies to Germany's punctilious payments of all sums due on the reparations accounts and describes Germany as placing the product of her science, skill and labor at the disposal of creditor nations in an effort to pay for the war.

With reference to payments for the current annuity year the report forecasts that "no question can fairly arise, in the light of practical experience thus far, as to the ability of the Reich to provide the full amount of its standard contribution of the plan."

The report states that the payments made during the first ten months of 1928, amounted to 1,720,000,000 gold marks (about \$440,000,000).

The report proceeds to show that the total annuity of the fourth year was almost one and three-quarter billion marks, of which France receives more than one billion (about \$250,000,000).

The list of creditors included France, Great Britain, Italy, Belgium, Japan, Portugal, Greece and Poland.

FAVORITE PHOTOGRAPH OF PRINCE

Here is reproduced a photograph of the Prince of Wales which was taken from the Illustrated London News.

The prince is shown in a military uniform, standing next to a horse, and is surrounded by a large group of people.

Two Opposite Camps

Difference of Opinions Within the Ranks of Salvation Army

London, Eng.—For the first time both parties within the Salvation Army have openly admitted that the issue of the council which met shortly after the war was composed of two opposite camps.

Officials at the International headquarters and at the headquarters of Evangelical Booth, head of the Army in the United States, freely made pronouncements on the probable line of voting when the question of removal of General Bramwell Booth as commander-in-chief, and reorganization of the Army will come up.

An official of the Evangelical Booth group stated that after a careful canvass the group was satisfied more than the necessary three-quarters majority of the council will vote for the removal of General Booth and subsequent reorganization.

At international headquarters those who are supporting General Booth refused to concede a possible victory to the other camp, saying that they were sure of at least seven votes and that they believed the council would vote confidence in the general to continue his leadership.

They said, however, the method of choosing a successor, and other administrative reforms, might be effected, and that even certain of those who would support the general would favor this.

CHAMPION CHATTER

VOL. I

Thursday, Jan. 10, 1929.

No. 48

Published in the interests of the People of Champion and Farmers of the vicinity.
GEO. L. DUPUE, Editor.

EDITORIAL

We firmly believe that every man of our acquaintance has every right to feel that he got, and didn't deserve as a kid, but he forgets all about the ones that he did deserve and didn't get.

Don't forget our tractor school at Lethbridge. You are especially invited. As well as a tractor school there will be some real surprises for you in the farm implements displayed.

Tri Ditto says, "The man of today who hides behind a woman's skirt isn't a coward he's a magician."

Blatant Ignorance Traffic Cop: "Say, lady do you know how to drive a car?"

Fair Motorist: "Oh yes, what is it you wish to know?"

The new hall is getting well under way. The first call on the shares has been made and the response has been satisfactory, although there are some who have not been in to see us yet but we expect them soon.

Next week will be Thrift Week, which reminds us that Thrift is the father of Independence.

Boys: "Do you know, Dad, that in some parts of Africa a man doesn't have his wife until he marries her?"

Dad: "Why single out Africa?"

It is said that playing safe at a game always beats playing a hump.

There's one thing about winter weather in this country—it is never cold and disagreeable but what you can read

in the papers that it is a lot worse somewhere else.

A good citizen trades at home.

LOCALS

Mrs. B. Hammel and family returned from Staveland, where they had spent the holiday.

Liton Patterson, who has been at the Keith sanitarium for some time is home on a visit.

Born—In Calgary on Friday, Jan. 4th, to Mr. and Mrs. J. Long, twin sons. Congratulations.

Miss Nettie Lobban, who has been in the sanitarium at Qu'Appelle, Sask., is improving satisfactorily.

Lost—Between Ford Garage and D. Watkins' resident, a motor car reg. Finder please notify The Chronicle.

Mrs. Millin returned home from White Lake on Thursday, where she had been called to nurse a bad case of flu.

W. H. McLeod and Joe Donohue, of Carmangay, were here town on Tuesday, visiting old time friends here.

Mrs. W. S. Ryan did not accompany Mr. Ryan to Toronto as stated in last week's issue, our informant having been in error.

The Ladies' Aid will meet at the home of Mrs. G. F. Smith on Thursday, January 17th. Election of officers will occur at this meeting.

Through an error the old matter with reference to the churches was run on an inside page. The proper matter appears on page 8.

A big curling game in which the principals are Lorne Church and Dr. Heal is promised for the near future. The stakes are very interesting.

Customers of Champion Meat Market please note that we have changed our hog shipping days from Wednesdays to Thursdays and will be shipping next Thursday.

The wonderful weather continues steadily. If it were not for the increasing number of deaths from flu and pneumonia everyone could rejoice in what is practically a California climate. As it is the general wish is for snow and winter weather.

Miss Sophie Johnson writes from Los Angeles wishing to thank all those who rendered them assistance during their sale and at other times and to be remembered to all their old time friends here. The Misses Johnson are now settled in Los Angeles, where the weather is described as all that could be wished for.

The farmer's best friend is the Family Herald and Weekly Star. Monted. It costs only a dollar a year, and the family circle gets a superb magazine free.

A team belonging to T. R. Jopling ran away from the Home elevator on Thursday, but were captured after a short run, the principal damage being a broken buggy pole.

Latest report from Alston U. F. A.—Members not attending meetings at the Alston U. F. A. are missing great opportunities. Don your fighting togs and turn out and enjoy the excitement.

Mr. Tom Whittingham, formerly connected with the Kimberly, B. C. Herald, is in charge of the Vulcan Advocate in Mrs. Nelson's absence in Calgary where he is under medical treatment.—Vulcan Advocate.

Mr. and Mrs. Milford Sisson, accompanied by their daughter Mary, have returned to their home in Champion after spending the Christmas holidays with Mrs. Sisson's mother, Mrs. Thomas Gibbons, of Elbow Park—Alberta.

Johnny Long and F. S. Raehar are two of proudest men Champion has produced in a number of years. With the former it is twin boys, while the latter's daughter was the first baby borne in the Calgary district in the new year.

Mrs. Oscar Simonson, an old timer in this district, died recently in Vancouver, where she had gone with Mr. Simonson on a holiday trip. "Ela" was the cause of her death. Many friends in this vicinity will extend their sympathy to Mr. Simonson in his sad bereavement.

Rapid progress on the community hall continues and already rumors of opening festivities are current. Lathing is now in progress and the plasterers will follow at once. The outside of the building is practically finished with the exception of the stucco which will be put on in the spring.

Increased judicial services in the northern part of the province is to be provided under arrangements recently made by the Attorney General's Department. A District Court Judge will hereafter be in attendance at Grande Prairie every two weeks beginning next week when Judge Dabau inaugurates the new schedule. The new court house at Grande Prairie will shortly be ready for its formal opening and in the meantime, the court will be

K. R. McLean R.O. of Anderson & McLean, Night Specialists, 208 8th Ave. West, Calgary, will make his monthly visit to Champion Friday, Jan. 18th At the Drug Store.

The Family Herald and Weekly Star of Montreal holds a record for subscribers renewing voluntarily and continuously year after year. After all it is not surprising when one considers the quantity and quality feed the readers are given each week and at a price ridiculously low—\$1 a year or three years for \$2.

As the new community hall makes progress which allows a comprehensive idea as to its capacity for usefulness to be realized the people of Champion and district are able to congratulate themselves upon achievement of such a utility. Even where sacrifice was involved in the contribution, and this will undoubtedly occur in some instances, this will be made cheerfully under the circumstances. With one of the finest school buildings in the province and a splendid hall, both practically 1928 products, Champion has every reason to feel satisfied with the progress made during the past year.

By an oversight a fire which destroyed two bunk cars on G. F. Smith's farm recently was omitted from the news items. The fire was discovered by W. Ellis and Max Groves who were on their way to town. Prompt assistance confined the fire to the two cars, and some \$20,000 worth of implements stored in adjoining sheds were saved.

The regular monthly meeting of the Champion Women's Institute met on January 8th at the home of Mrs. A. W. Jopling. Mrs. Millin presiding.

After the business was disposed of the roll call was answered by each member telling how she first arrived in Champion. Some interesting

and thrilling tales were told. The motif was repeated when Mrs. Bastin read a delightfully interesting account of the early history of Carmangay—our neighbor town, founded by Mr. Carman, whose wife's name had been Gay. This history inspired most entertaining talk during the dainty lunch served by the hostess and Mrs. Woodhull, who were charmingly assisted by Miss Roth Jopling.

The next meeting will be at the home of Mrs. U. S. Alexander. The subject to be discussed will be announced later.

Lutheran Church Services

The Lutheran church still preaches the Gospel of Christ and Him crucified. Lutheran services will be held, the Lord willing, at the Lutheran parsonage on Sunday, Jan. 20th, at 10:30 a.m. Sunday School after services.

You are heartily invited to attend and to bring your friends.

REV. F. A. DUESSING, Pastor.

The United Church of Canada

What is the church? Not just the United Church, or any one church but the Church entire, universal? "The union of those who love, in the service of those who suffer"—is an offered definition which may prove a challenge and an inspiration.

UNITED CHURCH SERVICES

11 a.m. Sunday School, with adult class and classes for all ages younger. 3 p.m. 1st and 3rd Sundays of each month, Blason, 2nd Sunday of the month, Sanderson. 4th Sunday of the month, Fireguard.

7:30 Evening Worship. Sunday, Jan. 14th, "Under the Grey Olives." Book review Sermon, treating Marian Keith's story (with remembrance) of her recent trip to the Holy land.

Champion Consolidated School District, No. 40

Annual Meeting

The annual meeting will be held in the schoolhouse on Saturday, Jan. 12th 1929, at 2 p.m.

H. COOPER, Secretary Treasurer.

Long Louie Cafe

For Eleven Years the Leading Restaurant in Champion.

With the completion of recent improvements, including repainting and decorating, we are in a better position than ever to cater to farmers and others during the busy season. As it has been in the past so Long Louie's Will continue in the future to be
